

The Lugano Automatic is manufactured in limited series in a small but highly specialized Swiss factory. This model combines the latest mechanical technology with a long tradition of watchmaking craftsmanship. Now with a redesigned case in solid 316L stainless steel, finished in high-polish or subtle, 18KT rose-gold plating. Small details, like the elegant, curved dial and the glass caseback, make this watch a timeless design for any occasion.

La Lugano Automatique est fabriquée en séries limitées dans une petite usine suisse très spécialisée. Elle vous offre une technologie de pointe et une tradition horlogère inimitable. Maintenant avec un boîtier en acier massif 316L poli, ou plaqué en or rose 18KT. Petits détails, comme l'élégant cadran courbé et le fond de boîtier transparent la rendent intemporelle.

Das Design der Lugano Automatic wurde von einem Original-Design aus den 50er Jahren entwickelt. Sie stellt eine Kombination aus Uhrmacherkunst vergangener Jahren und moderner Uhrentechnologie dar. Das Herren-Modell (jetzt aus Edelstahl) ist größer, damit das gekurvte Zifferblatt, transparenter Gehäuseboden und klassischer Stil alle besser zur Geltung kommen.
