

STORM II

LEGENDARY PERFORMANCE & STYLE

DIVE / WATERSPORTS

We wanted to set the bar very high for the successor to our popular Storm Series watches. The completely redesigned and re-engineered Storm II has a striking, highpolished finish, and features a new, deepetched caseback. The screw-down crown has been improved, to further reduce the risk of cross-threading; the clean, legible dial & hands use the very latest luminous technology, to shine brighter and longer. Storm II: A new level of performance and style in a clean, functional design.

Pour la nouvelle version de notre légendaire Série Storm, on a envisagé toute une série d'améliorations importantes. Tout a été complètement repensé, à partir du fond de boîtier gravé, passant par le cadran lumineux amélioré, jusqu'à la nouvelle couronne superétanche. La Storm II : un nouveau standard de performance et de style.

Für die neueste Version der legendären Storm-Serie, haben wir eine ganze Reihe von wichtigen Verbesserungen vorgesehen. Das neue Gehäuse in hochpoliertem Edelstahl fällt besonders auf. Der schöne, tief-geätzte Boden ist eine Seltenheit, in Uhren von dieser Preiskategorie. Die Leuchtfarbe des Zifferblatts leuchtet heller und länger. Die neue Storm II: außergewöhnliche Qualität und Verarbeitung in einem schlichten, funktionellen Design.
